

Criterion 4.1.2 Occupational health and safety

Our practice implements strategies to ensure the occupational health and safety of our GP(s) and staff.

Indicators

- ⌘ A. Our practice and office equipment is appropriate for its purpose (direct observation).
- ⌘ B. At least one staff member, in addition to the GP(s), is present when our practice is open for routine consulting (interview).
- ⌘ C. Our GP(s) and staff can explain how our practice supports their health and wellbeing (interview).
- ⌘ D. Our practice has a documented occupational health and safety policy (document review).
